7. Quality Review under the Chartered Accountants Act, 1949 is directed towards inspection/evaluation of audit quality and adherence to various statutory and other regulatory requirements. The Quality Review would involve inspection and assessment of the work of auditors while carrying out the audit function so that the Board is able to assess:

   a) the quality of audit and reporting by the auditors; and
b) the quality control framework adopted by the auditors/audit firms in conducting audit.

However, these procedures for review of quality of audit services of audit firms would not extend to internal audit services provided by the members of the Institute which shall be covered by the Board at a later stage. Further, these procedures would also not extend to services provided by the members of the Institute, in employment.

**Selection of Audit Firms**

8. Quality Review may be introduced in stages, with firms selected from different classes or types of audit firms being subjected to review at each stage. The Board may decide the audit firms to be included in the selection during each stage. Such selection of audit firms for review may be on the basis of following criteria:

iii. The Board may select any enterprise for *suo moto* review of its general purpose financial statements with a view to assessing the quality of audit and the auditor’s report thereon. The selection for *suo moto* reviews may, however, be done using methods such as random sampling, selection of particular class or classes of enterprises/audit firms.

iv. The Secretariat should place the details of the enterprises, selected for review before the Board for its consideration. The Board, at this stage, may consider whether the case warrants a review by a Quality Review Group constituted for this purpose and may refer the cases selected for review to the relevant Quality Review Group. The Board may obtain the Annual Report of the company concerned in terms of the ‘Chartered Accountants Procedures of Meetings of Quality Review Board, and Terms and Conditions of Service and Allowances of the Chairperson and Members of the Board Rules, 2006’.

*(b) Criteria based on Audit Firms auditing the accounts:*

Selection of audit firms should also be made for review of their work on random basis, the volume of work handled by them represented by the number and nature of clients, their involvement in sectors that may be identified as facing high risk, as well as on account of their reported involvement in fraud or likelihood of fraud. Audit firms auditing large as well as mid-cap/small cap companies may be selected for the purpose.
